## **Purpose and scope**

The purpose of this handbook is to serve as a reference tool for trainees at Associated Builders and Contractors, Pelican Chapter. Communications between students, instructors and the Associated Builders and Contractors Training Center administration is absolutely essential for an effective craft training program.

## **What is ABC?**

The Pelican Chapter of Associated Builders & Contractors (ABC) is not only a professional construction association representing more than 50,000 employees state-wide, but also a state-of-the-art training facility dedicated to the education of tomorrow's workforce.

Louisiana ABC is divided into two chapters: Bayou Chapter, which covers the 11- parish Greater New Orleans area, and Pelican Chapter, which covers the rest of Louisiana. Training centers are located in New Orleans, Baton Rouge, and Lake Charles.

ABC is the voice of the merit shop construction industry in Louisiana and throughout the nation. The association consists of general contractors, specialty contractors, suppliers and industry associates working together to build a better Louisiana. Characterized by strong labor-management relations, pro-active legislative initiatives, a pledge to employee safety and rewards on the basis of merit, the open shop contractor has surged to the forefront of the industry.

The Pelican Chapter of ABC is the leader nationwide for its achievements in training, safety, legislation and regulatory matters. In the last decade, merit shop construction has grown rapidly, skyrocketing from a 40% market share to an impressive 90% today.

## **Training Center's Mission Statement**

To meet the demand for skilled craftsman by offering quality training courses in a variety of construction areas.

These rules and policies are in addition to those required by your employer (or high school) and those requirements listed in the ABC Training Center Catalog.

**A. Administration and Facilities**

**1. Training Center Office**

The Training Center Office is located at 19251 Highland Road, Baton Rouge, LA 70809. (Building A). The office phone number is (225) 752-0088. Any questions, problems, or business you may have should be addressed to this office location and phone number during regular office hours (Monday – Thursday 8:00 a.m. – 6:30 p.m.) **OFFICE CLOSED ON FRIDAY - SUNDAY**

**2. Driving & Parking**

Students must drive responsibly through the driveways and parking lots. Any speeding or reckless driving will not be tolerated.

Any vehicle parked in a “no parking” or Staff / Instructor area after the second week of the semester will be towed away at the owner’s expense. This will be strictly enforced. **LOUD MUSIC WILL NOT BE TOLERATED**

**4. Phones / Cell Phones/ Classroom Computers**

Use of the **Training Center office phones is prohibited** without authorization from an ABC staff person. Students should not receive any personal phone calls at the ABC office. Please inform all family members that only legitimate emergency messages will be forwarded to students. **Cell phones should be on silent during class. No cell phone shall be visible during class time. Students’ use of classroom computers is prohibited.** Students will receive one warning with second offense resulting in suspension for the remainder of the semester.

**5. Labs**

All participants in the labs will be required to follow strict safety guidelines. This is everyone’s responsibility. First aid kits are located in all Training Center Buildings and the Welding office.

**B. CLASS INFORMATION**

**1. Class Schedule**

Regular scheduled night classes will be conducted from 6:00 p.m. to 9:00 p.m. Monday through Thursday. A 3:00 p.m. to 6:00 p.m. welding class also takes place Monday through Thursday. Special courses, short courses, and seminars will be conducted throughout the year, with the specific times and dates being announced prior to each session.

The Supplemental Course Academy for high school classes will be conducted from 11:45 a.m. to 2:15 p.m., Monday through Thursday.

## 2. Attendance

Only 6 absences will be allowed during the semester for afternoon/evening classes. There are no exceptions to this policy. Classes will start promptly at the time specified. You must attend the entire class session to be given credit for the session. Tardiness and leaving early is extremely disruptive to the education process. 2 tardies or early outs will count as 1 absence. If more than 1/3 of the class is missed (1 hour for night training), then the student is counted as absent for that day.

-All absences will require make-up work.

-Reports are sent weekly to all employers/schools regarding attendance and grades. Students who have reached their **maximum days absent** will be e-mailed **along with the weekly reports to the student's employer.**

-Absences due to illness, family emergency or work may be excused by an instructor if proper documentation is provided.

-Students will be sent a warning email regarding absences after first 3 absences.

## 3. Sign-In Sheets

In order to get credit for attending class, students will have to sign the attendance roster at the end of each class. Any individual whose name does not appear on the sign-in sheet will be allowed to sign the bottom of the sheet only once and must include the last 4 digits of their social security number. Any individual who signs the bottom of the sheet must visit the Training Center Office before being allowed to return to class. Employment changes of students must be reported to the Training Center Office so student transactions can be properly handled. Students should use extreme caution to ensure that they sign on the proper line adjacent to their name.

## 4. Book and Tuition Fees

Students' books are included in tuition and registration costs (excluding the Core Curriculum). ABC believes training manuals are valuable future resources for information to the student. ABC does not buy back books.

## 5. Standardized Instructional Modules

All standardized craft training programs are divided into individual instructional "modules". Each Trainee will be given a module test and a performance evaluation at the end of each module. The grade earned on each written test must be a minimum of 70% based on a 100% maximum. Performance tests will be a "Pass/Fail" only. To earn a certificate for a regular craft course, the trainee must pass every module performance test and score at least 70% on each module test. Trainees will have the opportunity to retest upon failure of written or performance tests.

## 6. Grading System

You will be required to take written and hands-on skill performance tests during the course of your training. **A score of 70% or higher on all closed-book module tests (unless stated) will be required to successfully complete any course.** Hands-on demonstrations of acquired craft skills must be successfully completed to receive credit. **Welding students will only be allowed 3 semesters to complete a level.**

## 7. Online Testing

All students, except for those in, Welding will be required to take all module tests using NCCER's online testing system. The following rules must be adhered to while testing:

1. No talking
2. No hats or hoods
3. No outside material
4. No tobacco products
5. No headphones or earbuds
6. No cellphones
7. No food

### IMPORTANT NOTES REGARDING ONLINE TESTING:

- Any NCCER-approved reference material will be provided by the proctor prior to the start of the test.
- A student's NCCER card number will be provided at the beginning of their first semester at ABC. It is the student's responsibility to either memorize the card number or bring the card provided to each testing session.
- At the end of each module test, the system will display the student's score. If a student is unsuccessful at their 1<sup>st</sup> attempt, a training prescription will be provided to the instructor prior to the next class session. The instructor will provide the training prescription to the student for them to prepare for their retest.

## 8. Performance Profiles

The student's name, last four of social security number, date and the instructor's name must all be printed on the performance profile sheets.

If a student refuses to complete the hands-on test of the module, the instructor will document the refusal on the performance profile sheet and the student will not earn credit for the module. All make-ups and retests on performance profiles are scheduled by the instructor.

## 9. Skill Assessment Test

All students who will be graduating at the end of the semester in Electrical, Instrumentation, Millwright, Pipefitting, Heavy Equipment or Mobile Crane Operations will be given the appropriate NCCER assessment. The assessment will be given at a scheduled date and time chosen by the instructor. If the student fails their 1<sup>st</sup> attempt, a 2-day wait period is required. A student must wait 30 days if it is their 2<sup>nd</sup> or more attempt.

## 10. Retest/Make-up Test

Students that do not pass a module test must be prepared to retest at the next designated retest date. NCCER policy requires that students wait a **minimum of two**

**days** between each attempt of the same module test. The same policy applies for any student needing to make up a test due to an absence.

- Students are generally allowed 2 attempts on each module test within a semester.
- **Request for a 3<sup>rd</sup> attempt** – A student may request **one** 3<sup>rd</sup> attempt on a module test each semester if a module test is failed twice. Student must complete **“ATTACHMENT B – Request for 3<sup>rd</sup> Attempt”** and submit to the **Training Center Office. REMINDER: Only ONE** module per semester may be taken 3 times. It is up to the student’s discretion which module they would like 3 attempts at.
- If a student fails their 3<sup>rd</sup> attempt on a module exam or if they fail at least 2 modules twice, they will be considered “Failed” for that semester and may re-enroll during the appropriate time period for the next semester. Credit for passed/completed modules will be forwarded to next semester. Only missing/incomplete modules will be required to complete the level.

**It is a student’s responsibility to track what exams they need to retest/make-up.**

**11. Transfer Policy**

Students may request to be transferred to the next semester should a situation arise where a student cannot continue training in the semester. A student must request to transfer via the Training Center Office. Students are only allowed to transfer once per level. Once a student is transferred, no refund of tuition can be requested. All transfers must be requested and approved by the following dates:

- Fall Semester – 3<sup>rd</sup> Thursday in October
- Spring Semester – 3<sup>rd</sup> Thursday in March

**12. Refund Policy**

#### **8. Complaints/Grievances**

The Training Center desires to resolve student concerns and/or complaints in an expeditious and constructive manner through open dialogue and honest communication.

##### **Step One: Informal Student Concern or Complaint**

When a student has a concern or complaint, resolution should be sought through informal communication with the appropriate instructor, staff member, or administrative officer who may be able to help rectify or clarify the situation before a formal written complaint is initiated. Concerns expressed by students should be addressed by the person receiving the concern, to the best of their ability, assisted by the staff member hearing the concern. Informal student concerns include items expressed verbally or in an electronic format such as email, texting, etc. If the

student's concern is not resolved at the informal level, then the student is able to submit a formal written grievance by following the procedures outlined below.

### **Step Two: Formal Written Grievance Procedures**

Once a concern or complaint cannot be resolved through the informal process, students should use the formal written grievance process outlined below. Students are encouraged to utilize the grievance procedure when they believe they have been treated unfairly; therefore, it is critical there be no retaliation against any individual involved in the procedure. Retaliation will not be tolerated.

A student who wishes to lodge a formal grievance with the Training Center must complete and submit the Formal Written Student Grievance Form which can be obtained from the Training Center Office. The form will require a narrative description of the complaint, the date(s) which the problem became evident, and a statement of the desired resolution.

The Director of Workforce Development will log the information and forward it to the Director of Education for appropriate resolution.

Within five working days of receipt, the student will receive notification indicating that the grievance has been received. The student will receive a written response after deliberation within approximately ten working days.

Administrative disposition of the grievance will generally consist of investigation into the source of the complaint, consideration of previous efforts to resolve the issue, and evaluation of any contingencies which will aid in the deliberation and disposition of the problem.

Following the investigation, evaluation, and resolution of the formal grievance, the student and the involved staff member will receive a written report of the outcome of the dispute. If the student's concern is not resolved at the formal grievance level, then the student is able to submit a final formal written grievance to the President by following the procedures outlined below.

### **Student Appeal Process**

Students should exhaust the avenues of first communicating informal student concerns, followed by a Formal Written Student Grievance before seeking to elevate a concern the President. The student has five days at the conclusion of Step 2 to provide a written request to the President. The decision of the President will be communicated to the student in writing.
