USE OF COOKIES

The ABC Pelican website uses "cookies" to help you personalize your online experience. A cookie is a text file that is placed on your hard disk by a webpage server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you and can only be read by a web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the web server that you have returned to a specific page. For example, if you personalize ABC Pelican pages, or register with ABC Pelican site or services, a cookie helps ABC Pelican recall your specific information on subsequent visits. This simplifies the process of recording your personal information, such as billing addresses, shipping addresses and so on. When you return to the same ABC Pelican website, the information you previously provided can be retrieved, so you can easily use the ABC Pelican features that you customized.

You have the ability to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the ABC Pelican services or other websites you visit.

This site has such security measures in place to protect the loss, misuse and alteration of the information under our control.

CREDIT CARD SECURITY

ABC Pelican does not disclose credit card information provided by its members and guests. If you complete a transaction on the ABC Pelican site that requires the entry of credit card information, that transaction is sent to CardPointe, a secure server, which will encrypt that information and send it to a clearing house.
